

EIE PEOs ALUMNI SURVEY FORM

The Electronics & Instrumentation Engineering programme implements an outcome based programme assessment to enable continuous quality improvement. As a part of the programme, we are surveying our graduated students to find ways of improving our PEOs. Your feedback will go a long way in helping us determine how well we are doing and what we can do to better serve our students, alumni, and the engineering community.

* Required

Please tick a grade (using the following grade scales (5, 4, 3, 2, 1) to indicate your assessment as per the statements given below.

1. Ability to apply the principles of Basic Science, Mathematics and Computer science to solve real world problems. *

Mark only one oval.

- Excellent
- Very Good
- Good
- Average
- Poor
