LAKSHYA 2K26

SUMMARY REPORT

LAKSHYA is the National Level Technical & Cultural Fest of **Lakireddy Bali Reddy College of Engineering (LBRCE), Mylavaram**. As the college's flagship annual event, it serves as a vibrant platform that brings together innovation, creativity, and celebration.

Organized by the students of LBRCE with strong academic and institutional support, LAKSHYA offers a diverse range of **technical competitions, cultural showcases, and special events**. The fest provides a unique opportunity for students to explore emerging technologies, present innovative ideas, and demonstrate their creative talents on a grand stage.

With participation from students across various engineering institutions, LAKSHYA aims to encourage **learning beyond classrooms**, collaboration, leadership, and holistic development. Over the years, it has grown into a recognized national-level fest that truly reflects the energetic spirit and technical excellence of LBRCE.

LAKSHYA 2K26 is a national level technical symposium, annually organized by Lakireddy Bali Reddy College of Engineering, Mylavaram on 03.01.2026. LAKSHYA is a perfect conglomeration where expertise, passion, innovation, fun go hand in hand. With events like SRUJANA (Paper Presentation), PRAGNA (Poster Presentation), UDBHAVANA (Project Expo), MEDHA (Technical Quiz), OJAS (Department Specific Event) and other dept. events. LAKSHYA can be regarded as an Arena to showcase thousands of talents. Besides these, Art Expo, Central events and jillions of Spot events are blended together along with the Cultural Events that would satisfy the participant's quest for knowledge and drench them with waves of excitement and fun. Anyone with sheer enthusiasm is appreciated to participate and get a handful of insights, exposure that would cater to their development.

Our flagship National level annual Techno-Cultural Fest is organized every year with the participation of hundreds of students from various engineering colleges within and outside A.P. This highly innovative, competitive and fun-filled Techno-Cultural Symposium provides a wide spectrum of events to bring out the latent technical and aesthetic talents of students and their creativity, innovation and originality in thinking. It includes Technical Events like Paper Presentation (SRUJANA), Poster Presentation (PRAGNA), Quiz (MEDHA),

The **poster launch ceremony of LAKSHYA 2K26**, the 19th National-Level Technical and Cultural Fest of Lakireddy Bali Reddy College of Engineering (LBRCE), was successfully held on **03rd December 2025** with great enthusiasm and grandeur. The event was graced by **Honorary Chairman Sri Lakireddy Jaya Prakash Reddy** as the **Chief Guest**, who officially unveiled the fest poster and conveyed his best wishes for the grand success of LAKSHYA 2K26. Addressing the gathering, he appreciated the continuous efforts of the institution in nurturing innovation, creativity, and holistic development among students through such prestigious

In connection with LAKSHYA 2K26, the 19th National-Level Technical and Cultural Fest of Lakireddy Bali Reddy College of Engineering, extensive promotional and technological initiatives were carried out to ensure wide outreach and efficient event management. As part of the offline promotional campaign, 12 dedicated student teams comprising 47 students from various departments were organized and deployed across five major routes. Over a period of two days, these teams actively visited 43 colleges in and around Vijayawada and Guntur, interacting with students and faculty, distributing promotional materials, and creating awareness about the fest's technical and cultural events. Alongside these field visits, a strong digital promotion strategy was implemented, where creative promotional reels and videos were produced and circulated across major social media platforms including Instagram, Facebook, YouTube, Twitter, and LinkedIn, significantly enhancing online visibility and engagement.

To streamline all operational and administrative activities, a dynamic and sophisticated web application was developed exclusively for LAKSHYA 2K26. The platform was designed to fulfill comprehensive requirements such as online registration, secure payment integration, and an advanced dashboard that provided real-time analytics including event-wise and department-wise registrations. The system efficiently managed details of faculty and student coordinators, event volunteers, and food stall information, while also supporting online food coupon generation, QR Code generation for wristbands and participant kit management. Additional features included event scoring rubrics, event winners' details, individual participant accounts, chatbot support, hostel accommodation management, and a fully automated certificate generation module. This integrated digital solution not only enhanced transparency and operational efficiency but also ensured a seamless and user-friendly experience for participants, organizers, and stakeholders, reflecting the institution's commitment to innovation and technological excellence in executing LAKSHYA 2K26.

UDBHAVANA(SOFTWARE)

MAJOR

The Software Ideathon is a call to digital architects, coders, and UI/UX designers to build the next generation of virtual solutions. In this track, participants are tasked with developing a software-driven solution—ranging from mobile apps and web platforms to AI models and SaaS (Software as a Service) systems—that solves a pressing real-world challenge.

Edit Delete

Puzzle Prism

SPECIAL

Puzzle Prism is an engaging special event organized by the Department of Civil Engineering at LAKSHYA 2K26, designed to challenge participants' logical thinking, problem-solving skills, and team coordination. Competing in teams of two members, participants will progress through a series of exciting and progressively challenging rounds that test wit, observation, and analytical ability.

Edit Delete

MBA UDBHAVANA

MBA

Participants are required with presenting a groundbreaking idea or innovative solution to address a real-world problem. This could involve either proposing a novel invention or rethinking existing processes to deliver enhanced value, aligning with current market needs and future possibilities.

Edit Delete

Layantara-Musical Instruments Play

CULTURAL

Layantara - Musical Instrument Play is a vibrant musical event at LAKSHYA 2K26 that celebrates instrumental talent and creativity. Open to both solo and group performers, the event invites participants to showcase their musical skill, originality, and stage presence using classical or modern instruments. Performances are judged on technique, harmony, creativity, and coordination, offering musicians a dynamic platform to express their passion for live instrumental music.

Edit Delete

LOGICMOJI

SPECIAL

LogicMoji is a fast-paced decoding challenge where programming logic is represented entirely using emojis. Participants must translate the emoji-based pseudo-code into logical steps and determine the correct output using the predefined emoji dictionary. The event tests logic, pattern recognition, and speed—the fastest accurate solution wins.

ABOUT LAKSHYA

LBRCE'S NATIONAL LEVEL TECHNO-CULTURAL FEST

LBRC, MYLAVARAM

The Flagship Fest

LAKSHYA is the National Level Technical & Cultural Fest of Lakireddy Bali Reddy College of Engineering (LBRCE), Mylavaram. As the college's flagship annual event, it serves as a vibrant platform that brings together innovation, creativity, and celebration.

Organized by the students of LBRCE with strong academic and institutional support, LAKSHYA offers a diverse range of technical competitions, cultural showcases, and special events. The fest provides a unique opportunity for students to explore emerging technologies, present innovative ideas, and demonstrate their creative talents on a grand stage.

With participation from students across various engineering institutions, LAKSHYA aims to encourage learning beyond classrooms, collaboration, leadership, and holistic development. Over the years, it has grown into a recognized national-level fest that truly reflects the energetic spirit and technical excellence of LBRCE.

For the smooth planning and successful execution of LAKSHYA 2K26, various committees were constituted, each entrusted with specific responsibilities to ensure systematic coordination and efficient management of the fest. Dedicated teams such as the Food Committee, Discipline Committee, Registration Committee, Technical Support Committee, Accommodation Committee, Publicity Committee, Hospitality Committee, and Event Management Committee worked collaboratively to oversee different operational aspects of the program. The Food Committee ensured proper arrangement and quality distribution of meals and refreshments for participants and guests, while the Discipline Committee maintained order, safety, and adherence to institutional guidelines throughout the event. Other committees focused on participant registration, logistics, promotions, technical arrangements, and overall event execution. The coordinated efforts of faculty members, student coordinators, and volunteers under these committees played a vital role in maintaining professionalism, ensuring seamless event flow, and delivering a well-organized and memorable experience for all participants and visitors.

Department-Wise Event Analytics of LAKSHYA 2K26

1. Overall Participation Overview

LAKSHYA 2K26 witnessed remarkable participation from both internal and external institutions, reflecting strong engagement and outreach. A total of **2727 team's registrations** were recorded across all events, out of which **2135 were internal participants** and **592 were external participants from 51 different colleges**. This indicates that while the fest strongly engaged LBRCE students, it also achieved significant inter-college participation through effective promotions.

LAKSHYA 2K26, the 19th National-Level Technical and Cultural Fest of Lakireddy Bali Reddy College of Engineering, witnessed an impressive scale of participation, reflecting its growing reputation as a premier student-driven platform. The fest successfully attracted participation from **51 external colleges**, highlighting its strong outreach and national-level presence. A total of **592 external teams** comprising **1046 individual external participants** actively took part in various technical and cultural events, showcasing diverse talent and competitive spirit. Internally, the fest recorded remarkable enthusiasm, with **2093 internal teams** and **3287 individual participants** from different departments of the institution, demonstrating a high level of student engagement and collaborative participation. Overall, LAKSHYA 2K26 registered **2727 teams** across all events, with a grand total of **4333 participants**, making it one of the largest editions of the fest to date. These numbers reflect the success of the extensive promotional strategies, effective event planning, and the institution's commitment to fostering innovation, creativity, and holistic student development through a vibrant national-level platform.

Among all departments, **ECE recorded the highest total registrations (557)**, followed by **CSE (378)** and **AI&DS (324)**, showcasing strong student involvement in technical and cultural activities. Departments like MBA, ASE, and Rangamarthanda central events also contributed meaningfully, indicating multidisciplinary participation.

2. Internal vs External Participation Analysis

The data reveals that internal participation formed the major share of registrations across departments. For example:

- **ECE** led internal participation with **481 internal registrations**, demonstrating strong departmental coordination and student engagement.
- **CSE** and **AI&DS** followed with **272** and **270 internal participants** respectively.

- External participation was highest in **CSE (106)** and **ECE & IT (76 each)**, indicating successful external outreach particularly in core technical streams.

Departments such as ASE recorded minimal external participation, suggesting opportunities for improving outreach strategies in future editions.

3. Event Category Analytics (Internal Registrations)

Internal registrations across major technical categories showed interesting trends:

- **Ojas Events** attracted the highest internal participation across most departments, highlighting student interest in special technical and non-technical activities.
- **Medha (Quiz)** and **Pragna (Poster Presentation)** also received consistent participation, especially from ECE, CSE, and AI&DS departments.
- **Hardware and Software events** had comparatively focused participation, mainly from core technical departments like ECE, EEE, and CSE.

ECE stood out prominently with strong engagement across almost all technical categories, indicating balanced academic involvement.

4. Event Category Analytics (External Registrations)

External registrations were significantly higher in technical streams such as:

- **CSE, ECE, and IT**, particularly in Srujana (Paper Presentation) and Medha (Quiz).
- Ideathon and Software-based events also attracted external participants, reflecting growing interest in innovation-driven competitions.

Departments like MBA and ASE showed lower external engagement, suggesting potential areas for targeted promotional strategies in future editions.

5. Central Event Performance

The central events recorded strong combined participation:

- **Rangamarthanda (Fine Arts & Cultural Events)** registered **42 internal** and **15 external participants**, reflecting balanced cultural engagement.
- **Udbhavana (Spot Events)** saw significant external interest with **45 external registrations**, indicating that spontaneous events were particularly attractive to visiting participants.

These trends highlight the importance of including dynamic, on-spot activities to enhance external participation.

6. Coordinators and Volunteers Participation

The successful execution of LAKSHYA 2K26 was supported by strong involvement from faculty coordinators, student coordinators, and volunteers across various departments. A

total of 362 coordinators and 244 volunteers actively contributed to organizing and managing the fest, resulting in an overall workforce of 606 members. Technical and cultural teams such as Rangamarthanda and Udbhavana also played significant roles in ensuring smooth event execution. The collaborative effort of coordinators and volunteers from all departments reflects the strong teamwork and institutional commitment that contributed to the grand success of LAKSHYA 2K26.

The winner details of all events conducted during LAKSHYA 2K26 were compiled and officially documented to recognize the outstanding performance and achievements of participants across both technical and cultural categories. Winners were selected based on predefined evaluation rubrics and judged by expert panels comprising faculty members and industry professionals. The results were systematically recorded and published through the official fest platform, ensuring transparency and accessibility for all participants. The recognition of winners not only celebrated excellence and innovation but also encouraged healthy competition and motivated students to showcase their talents at a national level.

Conclusion – LAKSHYA 2K26

LAKSHYA 2K26, the 19th National-Level Technical and Cultural Fest of Lakireddy Bali Reddy College of Engineering, concluded successfully, leaving a remarkable impact on students, faculty, and participating institutions. The event showcased a perfect blend of innovation, creativity, and cultural excellence, with enthusiastic participation from both internal and external colleges. With more than four thousand participants and numerous technical and cultural competitions, the fest provided a vibrant platform for knowledge sharing, talent exploration, and collaborative learning.

The coordinated efforts of the management, principal, faculty coordinators, student volunteers, and organizing committees ensured seamless planning and execution of every activity. The integration of advanced digital systems such as online registrations, dashboards, and automated certificate generation further enhanced the professionalism and efficiency of the fest. LAKSHYA 2K26 not only strengthened the institution's reputation as a hub for academic and cultural excellence but also fostered teamwork, leadership, and innovation among students. The overwhelming response from participants and stakeholders reflects the continued growth and success of LAKSHYA as a prestigious national-level platform.

Media & Newspaper Coverage (Paper Clippings – Report Write-up)

The grand success of LAKSHYA 2K26 received significant attention from regional media and educational news platforms. Several leading newspapers highlighted the event's large-scale participation, innovative technical competitions, and vibrant cultural performances.

- **Regional Daily Coverage:** Local newspapers reported the poster launch, fest inauguration, and prize distribution ceremony, emphasizing the presence of the Honorary Chairman and institutional leadership. The articles appreciated the college's efforts in promoting student innovation and national-level collaboration.
- **Educational News Highlights:** Media coverage focused on the wide participation from multiple colleges, the diverse range of events such as Srujana, Pragna, Udbhavana, Medha, Ojas, and Rangamarthanda, and the effective digital management system developed for the fest.
- **Cultural Event Recognition:** Newspapers also highlighted the energetic cultural performances and fine arts events, acknowledging LAKSHYA as a platform that balances technical excellence with creative expression.
