ALUMNI INTERACTION REPORT

10-10-2026

Name of the Alumni: Mr. P. Venkata Ramana (20761A0140) & Reddy Ganesh(20761A0141) Both are working in same organization- Designation- Jr. Engineer-SHUBH Consultants &TechnoCrats.
Date of Interaction: 10 October 2026
Target Students: Second-Year Civil Engineering Students
Topic: Improving Core Domain Knowledge and Software Skills.

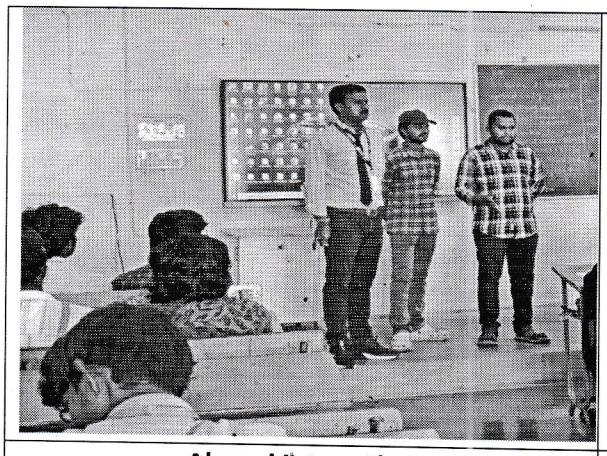

Objective of the Interaction

The interaction was organized to create awareness among second-year Civil Engineering students about the importance of core domain knowledge and technical software skills required for internships, higher studies, and career opportunities in the Civil Engineering field.

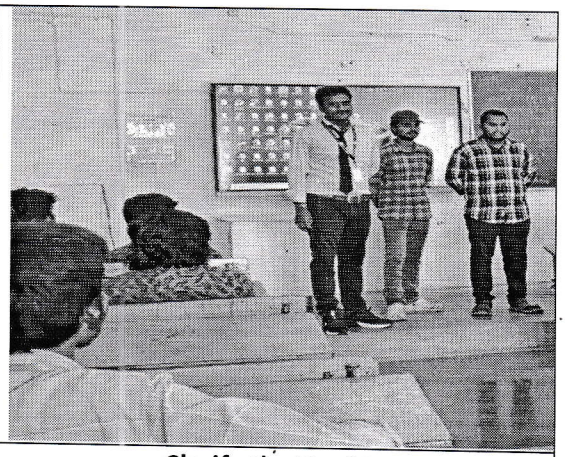

Key Points Discussed

- **AutoCAD:** Importance of developing drawing, drafting, and detailing skills for civil engineering applications.
- **MS Excel:** Use of spreadsheets for engineering calculations, data analysis, estimation, and project-related documentation. & **STAAD.Pro:** Introduction to structural analysis and design concepts and the role of structural engineering software in industry.
- **Core Domain Skills:** Importance of strengthening fundamental Civil Engineering concepts alongside practical and software-based learning.
- **Career Guidance:** Students were encouraged to practise regularly, work on small projects, and develop industry-relevant technical skills from the second year onwards

The alumni interaction was useful in motivating second-year Civil Engineering students to focus on core technical knowledge and software skills. The guidance provided by Mr. Ramana & Ganesh is expected to help students prepare for future internships, placements, and professional opportunities in the Civil Engineering sector.
