REPORT ON "Breast and Cervical Cancer"

- Event Type** : Health awareness programme
- Date / Duration** : 28/01/2019
- Resource persons** : Dr. K.Sujatha, MBBS,MD(OBGY)
- Name of Coordinators** : Mrs. R.Vijaya Assoc Professor MCA Department
Ms G.Tabita, Asst.Professor, EEE Department
- Target Audience** : All LBRCE Girl Students ,women Staff and NMR Staff.
- Total no of Participants** : 750 (All LBRCE Girl Students,women Staff and NMR Staff)
- Objective of the event** : Awareness on "Breast and Cervical Cancer"
- Outcome of event** : Majority of the Girl students of the Institute got awareness on "Breast and Cervical Cancer" screening and diagnosis methods.
- Description / Report on Event** : Breast Cancer is the second leading cause of death. About 90% of breast cancers are due to genetic abnormalities that happen as a result of the aging process of general life style. The Resource person made awareness on risk factors for breast cancer such as gender, race, age, child birth etc. She also explained Screening for Breast Cancer, Self Awareness (Monthly Self Exams), Clinical Breast Examination (CBE), Mammograms. Awareness is also created among NMR Staff. The girls were also motivated towards this awareness through real life illustrations. It was also told that if such cancer is detected early,there is every chance of easy remedy
- Feedback / Suggestions** : Most of the students said that it is useful and asked for conduction of more programs in future
