Dr S. Nagarjuna Reddy, Head of the Department, Computer Science and Engineering, Lakireddy Bali Reddy College of Engineering chaired the meeting. He expressed his sincere thanks to all the external members for their consent to be on the Board of Studies of the department and their valuable suggestions for improvement. He extended a warm and hearty welcome to all the Hon'ble members of the Board of Studies.

He acknowledged all the members for their valuable suggestions, advices, guidelines and concern towards overall development of the department. Later, he presented the credentials of the department and agenda of the meeting. With reference to each agenda item, proceedings of Board

of Studies meeting are given below:

1. Confirmation of minutes of 20th BoS meeting held on 13-10-2025.

The BoS members have confirmed the minutes of the 20th BoS meeting held on October 13, 2025, after careful observation, review, and thorough discussions.

2. Review of Action Taken Report(ATR) on the minutes of 20th BoS meeting held on 13-10-2025.

The BoS has reviewed and approved the Action Taken Report (ATR) on the minutes of the 20th BoS meeting held on October 13, 2025.

3. Discussion and Approval of Syllabi and Course Structure of M.Tech (R25) Cyber Security and B.Tech (R23) CSE VII and VIII Semesters,MOOCs,Specification of COs and CO-PO-PSO articulation Matrix.

The BoS Chairman presented the syllabus structure of M.Tech (R25)-Cyber Security and B.Tech (R23)-CSE VII and VIII semesters, including course outcomes, CO-PO-PSO articulation matrix, and MOOCs.

The Hon'ble members discussed the following:

- Examined the relevance of core and elective courses in alignment with industry requirements and higher education standards.
- Reviewed the Course Outcomes (COs) and CO-PO-PSO articulation matrix.
- Discussed the inclusion of MOOCs/NPTEL courses and their relevance to the curriculum.
- Suggested minor modifications in certain courses for better alignment with emerging technologies.

Decision: The course structure, syllabi, MOOCs, CO specifications, and CO-PO-PSO articulation matrix were noted and approved.

4. Information on New Courses introduced in B.Tech (R23).

- The Chairman informed the members about the newly introduced courses in B.Tech (R23) curriculum aimed at addressing current technological trends and industry requirements. The courses were introduced to strengthen students technical knowledge and employability skills.
- The members appreciated the inclusion of new courses and suggested periodic review based on industry advancements.

Decision: Noted and approved.

5. Approval of MOOCs for Minor/Honor program for the A.Y: 2026-27.

The Chairman presented the list of MOOCs courses proposed for Minor and Honor programs for the Academic Year 2026-27. The members reviewed the courses offered through SWAYAM/NPTEL platforms and examined their suitability for students.

The committee also discussed the relevance of these courses as alternatives to open electives.

Decision: The MOOCs for Minor/Honor programs were noted and approved.

6. Information on Teaching-Learning Process.

The BoS Chairman explained the teaching-learning process being followed in the department, including:

- Preparation of course handouts and lesson plans
- CO-PO/PSO mapping
- Continuous assessment methods
- Student counseling and mentoring
- Remedial classes for slow learners
- Academic monitoring through internal audits

Decision: Noted.

7. Information on Academic Performance of the students for the A.Y: 2025-26 (Odd Sem).

The Hon'ble members were briefed on the academic performance of students for the Odd Semester of A.Y. 2025-26. Semester-wise pass percentages, result analysis, and performance comparisons were presented.

The committee discussed measures to improve student performance and reduce failure rates in challenging courses.

Decision: Noted.

8. Information & Discussion on R&D and Training & Placement Activities for the A.Y:2025-26.

The Chairman presented details regarding research activities, publications, patents, faculty development initiatives, training programs and placement statistics for the Academic Year 2025-26.

The members appreciated the department's efforts in placements and research activities.

They suggested:

- Increasing publications in reputed journals
- Applying for funded research projects
- Strengthening industry collaborations
- Enhancing student skill development programs for better placement packages

Decision: Noted

9. Information on events organized & attended for the A.Y: 2025-26.

The Chairman presented details of workshops, seminars, conferences, guest lectures, FDPs, hackathons, and other events organized and attended during the Academic Year 2025-26.

The members appreciated the department's active participation and suggested organizing more industry-oriented programs.

Decision: Noted.

10. Discussion and Approval of Calendar of Events for the A.Y: 2026-27.

The Chairman presented the proposed calendar of events for the Academic Year 2026-27, which included academic activities, workshops, seminars, guest lectures, industrial visits, placement training programs, and research activities.

The members reviewed the proposed schedule and suggested proper planning to ensure effective implementation.

Decision: The calendar of events for A.Y. 2026-27 was approved.

11. Any other matter with permission of chair.

- The BoS members emphasized the need to focus on improving student placements, promoting quality research publications, encouraging funded project proposals, and strengthening industry interaction.
- Reviewed the **Course Outcomes (COs), Action Taken Report (ATR) and Attainment Report of the A.Y.: 2025-26(ODD SEM)**, and discussed measures for continuous improvement in curriculum delivery, student performance and outcome achievement.

Decision: Noted.

Suggestions given by the Hon'ble members of the BoS:

Dr. P. Sreenivasa Kumar

- Reviewed the M.Tech curriculum and suggested incorporating the latest textbooks for various courses to ensure updated and relevant learning resources for students.
- Recommended adding the **Cormen textbook** (Introduction to Algorithms by Thomas H. Cormen and co-authors) as a reference textbook for the **Advanced Data Structures (ADS)** course to strengthen foundational and advanced algorithm concepts.
- Discussed the assignment structure for the **Deep Learning** course and suggested ensuring that assignments are designed to enhance practical understanding of the subject.
- Reviewed the **Software Architecture and Design Patterns** course and pointed out that the **Course Outcomes (COs)** were missing, recommending that they be properly included in the curriculum documentation.
- Recommended including more **programming-related assignments** in the **Agile Methodologies** course to provide students with practical exposure.

Dr. N Ramakrishnaiah

- Discussed the tutorial hours allotted for the ADS&A laboratory (4 laboratory hours) and reviewed the total credit allocation of 2 credits.
- Examined the structure and credit distribution of Seminar-I and Seminar-II in the curriculum.
- Discussed the allocation of Literature Survey and Report presentations and suggested scheduling them in appropriate/random slots for students.
- Suggested that NPTEL courses offered under the curriculum should not overlap with existing departmental courses.
- Recommended that the Quantum Computing course under the Minor program be offered exclusively by the CSE Department.
- Suggested providing re-run opportunities for NPTEL courses to help students complete courses they may have missed earlier.

Dr. D.V.L.N. Somayajulu

- Discussed the current M. Tech student intake/training count of 6 students and recommended taking necessary measures to encourage admissions and increase the strength to at least 12 students.

Mr. Murthy KVVS

- Suggested organizing more industry-oriented seminars, workshops, and expert sessions to bridge the gap between academic learning and current industry requirements, thereby enhancing students' practical knowledge and employability skills.

Mr. Y Yaswanth (Alumni Member)

- Suggested organizing seminars on latest technologies, particularly in emerging areas such as **Prompt Engineering**, to keep students updated with current industry trends.
