About the Department

The B.Tech. Program in CSE – Artificial Intelligence and Machine Learning (AI & ML) is an undergraduate programme at LBRCE is designed to provide students with advanced learning solutions in cutting-edge technologies such as artificial intelligence, machine learning, and deep learning. At our department, we are at the forefront of innovation, exploration, and discovery in the dynamic fields of Artificial Intelligence and Machine Learning. With a commitment to excellence, we invite you to embark on a journey of knowledge, creativity, and growth. The main goal of the department is to equip students with the skills, insights, and experiences they need to thrive in an increasingly AI-driven world. Through rigorous academic programs, hands-on projects, and collaborative research opportunities, we cultivate the next generation of leaders, innovators, and problem-solvers. The Department of CSE (AI & ML) at the LBRCE was established in 2021 with an intake of 60 students and the intake was subsequently increased to 120 students in the year 2023.
