Objective of the Event: The Technical Quiz Competition was organized to enhance students' knowledge of core Electronics and Communication Engineering concepts while improving their logical thinking and problem-solving skills. The event encouraged teamwork, healthy academic competition, and active participation among students, while promoting the objectives and activities of the IETE Student Forum within the department.

Description / Report on Event:

The Department of Electronics and Communication Engineering (ECE), in association with the Institution of Electronics and Telecommunication Engineers (IETE) Student Forum, organized a Technical Quiz Competition on 22nd July 2026. The event aimed to strengthen students' technical knowledge, analytical thinking, and problem-solving abilities through an engaging and competitive platform. The competition provided an excellent platform for students to assess their technical knowledge and develop confidence in handling competitive technical questions. The Quiz Competition successfully fostered a spirit of learning, innovation, and healthy competition while strengthening the academic and professional development of the participants through the activities of the IETE Student Forum.

Feedback / Suggestions:

1. Suggested to conduct similar events in the future.
2. Conduct technical quiz competitions on a regular basis to strengthen subject knowledge.
3. Organize separate rounds focusing on aptitude, coding, current technological trends, and general engineering knowledge.
