About the College

The Lakireddy Bali Reddy College of Engineering (LBRCE) was established in the year 1998 by Lakireddy Bali Reddy Charitable Trust, whose architect is Er. Lakireddy Bali Reddy garu. The institute is established with the sole aim of providing high quality educational opportunities in the field of science, engineering, technology and management. It is spread over 60 acres of sprawling lush green landscape spotted with orchids and grooves. It is approved by AICTE, affiliated to JNTUK, Kaldinada and attained autonomous status in the year 2010. It attained NAAC accreditation status with 'A' Grade.

LBRCE has sophisticated infrastructure with dedicated, well qualified and experienced faculty. A separate R&D cell is established in the college to focus on continuous sponsored research. It has various sponsored research projects by various funding agencies. All laboratories are equipped with state-of-the art facilities backed by advanced computer systems with latest software. The library is equipped with adequate volumes of books, journals with digital library facility.

About the Department

The Departments of ECE was started in the year 1998. It offers undergraduate program accredited by NBA (Tier-I) and NAAC of UGC New Delhi. The Dept is recognized as a Research Centre by JNTUK Kaldinada. The Department has well qualified, dedicated faculty with good laboratory facilities including equipment required for research work. The faculties are actively engaged in research activities in their areas of specialization.

In R&D, we got DST projects and AICTE projects worth of Rs.1 Crore 12 Lakhs. AICTE has sanctioned Rs.10 Lakhs for the modernization of DSP/ECAD/EC Simulation Lab under MODROBS scheme in the year 2010. Signal Processing Lab has MATLAB R16a version, ECAD Lab has advanced FPGA boards Spartan 3E, Spartan6, Virtex 5, Virtex II Pro, Mentor Graphics Backend tools software, Xilinx VIVADO software for Embedded system design and Communication lab has Licensed ANSYS HFSS18 Software worth 28Lakhs for 300 users.

About NIT, Warangal

National Institute of Technology (formerly Regional Engineering College), Warangal is the first among 17 RECs setup as joint venture of the Government of India and the state government.

Over the years the college has established itself as a premier Institution imparting technical education of a very high standard leading to the B.Tech degrees in various branches of engineering, M.Tech. & Ph.D programs in various specializations.

About the Program

The goal the FDP on new signal processing Algorithms for a rapid dissemination of knowledge and experience to engineers and scientists working in the research, development and practical applications of signal processing. The classical theory of signal processing is based on models which are stationary, linear in many cases also assume that signals have Gaussian amplitude distributions. In recent years there has been a rapid growth in the applications of signal processing in many modern areas of engineering, communications and computing. The course will cover: Basic theory of linear and non-linear signal processing, different design techniques and apply various fast algorithms for filtering, adaptive systems and its properties.

Major Course Contents:

- Introduction to Digital Signal processing with hands on.
- Adaptive filter Design, System Identification and Channel Equalization using conventional algorithms.
- Genetic Algorithm and Particle swarm Optimization for adaptive filter design.
- Neural Networks and deep neural networks for Image processing applications.
- Speech analysis, recognition, analysis and synthesis.
- Radar Signal Processing.
- Biomedical Signal Processing.
- Differential Evolution and Radar Imaging.
- Adaptive beam forming techniques.

About the Institute

The Lakireddy Bali Reddy College of Engineering (LBRCE) was established in the year 1998 by Lakireddy Bali Reddy Charitable Trust, whose architect is Er. Lakireddy Bali Reddy garu. The institute is established with the sole aim of providing high quality educational opportunities in the field of science, engineering, technology and management. It is spread over 60 acres of sprawling lush green landscape spotted with orchids and grooves. It is approved by AICTE, affiliated to JNTUK, Kakinada and attained autonomous status in the year 2010. It is attained NAAC accreditation.

LBRCE has sophisticated infrastructure with dedicated, well qualified and experienced faculty. A separate R&D cell is established in the college to focus on continuous research. It has various sponsored research projects by various funding agencies. All laboratories are equipped with state-of-the-art facilities backed by advanced computer systems with latest software. The library is equipped with adequate volumes of books, journals with digital library facility.

About the Department

The Departments of ECE was started in the year 1998. It offers undergraduate program accredited by NBA (Tier-I) and NAAC of UGC New Delhi. The Dept is recognized as a Research Centre by JNTUK Kakinada. The Department has well qualified, dedicated faculty with good laboratory facilities including equipment required for research work. The faculties are actively engaged in research activities in their areas of specialization.

In R&D, we got DST and AICTE projects worth of Rs 1 Crore 27 Lakhs. AICTE has sanctioned Rs 10 Lakhs for the modernization of DSP/ECAD/EC Simulation Lab under MODROBS scheme in the year 2010. Signal Processing Lab has MATLAB R16a version, National Instruments Centre of Excellence (LABVIEW) is established in the year 2010 with the cost of Rs 50,00,000- and it is helpful for the students of all the departments to do projects. ECAD Lab has advanced FPGA boards Spartan 3E, Spartan6, Virtex5, Xilinx, Ii-Pro, Mentor Graphics Frontend and Backend tools for ASCII Design, Xilinx VIVADO software for Embedded system design and Communication lab has Licensed ANSYS HFSS18 Software worth 28Lakhs for 300 users.
