

# LAKIREDDY BALI REDDY COLLEGE OF ENGINEERING

(Autonomous)

(Accredited by NAAC with A Grade and NBA Accreditation)  
ISO 9001:2015 Certified Institution Affiliated to JNTUK)

**Major Activity:** Nava Nirmana Deeksha

**Date:** 03-06 June 2016

**Venue:** College campus

**Brief Report:**

**Activity 1(03-06-2016):** Seminar

**Topic:** The impact of the unilateral and unscientific division of the State in general and the education sector, in particular.

**Description:**

While inaugurating the event, Dr.E.V.Prasad, Director delivered the keynote address to a large audience comprising 450 students and 150 faculty members. He exhorted youngsters to view this as a challenge and work hard to bring laurels to our glorious state. He expressed optimism that the education sector through innovation in teaching-learning process shall be able to contribute to the overall progress of the state. Prof. P.Bhupal Reddy, senior professor stressed on the enormous possibilities available to the student community in education and employment. He advised students to be diligent in studies and be focused on the well-round development of personality.

**Activity 2(05-06-2016) :** Essay Writing and Elocution

**Topic:** “Development of the Education sector: Challenges and possibilities”.

**Description:**

Nearly 90 students participated in the event and expressed their views enthusiastically. The Director congratulated the winners and presented prizes.

**Activity 3(06-06-2016):** Seminar

**Topic :** “Agriculture and allied sectors, industries, services, Regulatory Sector achievement plans, Programme for growth”.

**Description:**

In this seminar, the resource person, Dr.Shaheda Niloufer, senior faculty in Environmental science advocated adoption of sustainable agricultural practices, with focus on emerging technologies. Moreover, she emphasized the need to encourage widespread organic farming, in view of the health hazards posed by the use of synthetic fertilizers and pesticides. The other resource person, Ms.V.Bhagya Lakshmi, faculty in Environmental science suggested use of various biological methods for pest control, without compromising productivity.

Dr.A.Adishesha Reddy, Head of the Department, MBA called for a comprehensive industrial policy for creating equal opportunities for large industries as well as the MSMEs, in the manufacturing and the service sectors. He stressed on the need to involve educational institutions and students in the proposed industrial revolution, by setting up incubation centers as well as start up villages in a large number of institutions.

More than 150 faculty members attended the seminar.

**Remarks:** This programme was organized by the college NSS Unit and conducted in a satisfactory manner under the supervision of Mr.P.Ashok Reddy, NSS Programme officer.

Finally, we thank the Govt. of AP, through your channel, for involving us in the process of state building.

**(Mr.P. ASHOK REDDY)**  
NSS Program Officer

**(Dr.E.V.PRASAD)**  
Director
